

In A-Level Geography you should...

After Each Lesson...

- Complete homework set during the lesson, check Edulink app for this.
- File the lesson materials in the correct section of your folder.
- Re-read material from the lesson and highlight key terminology/concepts.
- Prepare a list of questions to ask your teacher based on any misconceptions.
- Ensure you have updated revision notes.
- Read the relevant textbook pages and add anything new or interesting to your notes.

Every Week...

- Spend some time reading around the topic using the library resources and any sources online.
- Check the 'Twitter/X' page @bss_geog to assist with reading around the subject
- Test your knowledge of key terminology and effects in addition to theories learnt using the flashcards you have created after each lesson.

Every Term...

- Spend time going back to the start of topics and consolidate your notes and create revision materials.
- Create a working spider diagram where you can map out the synoptic links between each topic.
- Complete some 6 and 20 markers using the past papers on the AQA website. Self or peer assess using the mark scheme and indicative content.

Throughout the Year...

- Revisit previously learned topics more than once.
- Read examiners reports to learn top tips for the exams.
- Learn how to identify and explain connections between topics covered (AO2)
- Practice 6 markers which require you to analyse (AO3).
- Create flash cards and test yourself regularly. Revisit any cards that you got wrong until you get them right (AO1/AO2).
- Redraft exam answers in green pen in response to teacher feedback.
