Calculating Your Point Score (**Example**)

Bucket One
Maths and English

MATHS	
Enter your predicted Maths Grade	5
Double so your point score = 5+5	10

ENGLISH	
Enter your highest predicted English Grade (English Language **or** English Literature)	6
If you are taking both English Lang and Lit double it = 6+6*	12
Add your Maths and English score: 10+12	22

*English is **only** doubled if you are taking both English qualifications.

Total = 22

Bucket Two
EBACC

Enter your **3 highest predicted grades*** in any combination of the following subjects: Science (e.g. Biology, Chemistry, Physics or one/both of your double science grades) Computer Science, History, Geography and Languages (e.g. French, Spanish, German).

Geography	5
Biology	6
Chemistry	6
Add these: 5+6+6	17

*If you are only taking 2 of these subjects then you can only fill in 2 of the 3 buckets

Total = 17

Bucket Three
Open

Enter your **next 3 highest predicted grades that you haven't used in either Bucket One or Bucket Two**. For example, you can put your other English in this bucket, a science, history or a language. You can also put any other of your highest predicted GCSE/BTEC grades such as: Art, Drama, DT, Health and Social Care, Music, PE, RE, Business.

PE	7
English Lit	5
Drama	6
Add these: 7+5+6	18

Vocational Qualifications (e.g. BTEC)
L2D*=8.5
L2D=7
L2M=5.5
L2P=4
L1D=3
L1M=2
L1P=1.25

Total = 18

Add totals of Bucket One, Bucket Two and Bucket Three: 22+17+18 = **57 POINTS**
