Whole School Value Added Analysis

Value added measures compare the performance of BSS students with students nationally, taking into account each student's prior attainment.

The average of a student's KS2 performance is used as the measure of prior attainment when evaluating progress from KS2 to 4. Average KS4 performance is the prior attainment measure when evaluating progress in KS5.

KS2 to KS4

Progress 8 is the headline progress measure. It shows progress across a selected group of GCSE (or equivalent) exams.

	2022	2023	2024	2025
Progress 8	0.84	0.88	1.02	Not Applicable*

*There is no Progress 8 data for this academic year as the year group did not sit their Key Stage 2 SAT exams due to the pandemic.

Value Added is expressed in terms of a whole GCSE grade. For example, a VA score of 0.5 represents progress which is half a grade above what was expected per pupil based on KS2 Prior Attainment. In 2023 & 2024 the Value Added residuals were based on KS2 SAT results. In 2025 they are based on CATs test results as this year group did not sit any KS2 Assessments at the end of Year 6 due to the pandemic
