Whole School Value Added Analysis

Value added measures compare the performance of BSS students with students nationally, taking into account each student's prior attainment.

The average of a student's KS2 performance is used as the measure of prior attainment when evaluating progress from KS2 to 4. Average KS4 performance is the prior attainment measure when evaluating progress in KS5.

KS2 to KS4

Progress 8 is the headline progress measure. It shows progress across a selected group of GCSE (or equivalent) exams.

	2019	2022	2023	2024*
Progress 8	0.56	0.84	0.88	1.02

*Provisional figure published by the DfE on 05/12/24.

KS4 to KS5

L3VA (*The figure is expressed in terms of an A level grade*).

2018	2019	2024
0.37	0.16	0.03

L3VA will not be available until the new year.

There are no L3VA figures between 2020 and 2023 due to the pandemic and its knock-on effect. The L3VA figure for this summer will be released in the new year.

Progress that is significantly above the expected level is highlighted green.

Progress that is significantly below the expected level is highlighted blue.

Value Added is expressed in terms of a whole GCSE grade. For example, a VA score of 0.5 represents progress which is half a grade above what was expected per pupil based on KS2 Prior Attainment. There was no value added data in 2020 and 2021 due to the cancellation of national exams.
